worked as intern for python

PROFILE

I a motivated and detail-oriented AIML Developer with foundational experience as an intern at YBI Foundation. Proficient in SQL, Python, and Excel, with specialized knowledge in artificial intelligence and machine learning, including deep learning techniques. Certified in Python by Google and awarded an AI completion badge by Google. Known for a strong analytical mindset and a passion for continuous learning, I am dedicated to becoming a proficient and innovative developer.

EXPERIENCE

YBI foundation

AIML intern

worked as an Artificial intelligence and machine learning intern for one month and completed one real-time project related to crime analysis I also got certification from Google as a learner then I participated in BootCamp like dev town then I am really very passionate to learn and improve my skill

code alpha

AIML developer

I worked as an intern for machine learning for nearly a month and I completed two real-time projects for stock price prediction and movie price prediction.
